MONDAY AVENING, AUGUST 22.

LIGHTNING'S LIVELY WORK -A few minutes after the terriple storm of Saturday began a blinding flash of lightning and a stunding report alarmed the people in many parts of the city, for all thought the bolt had fallen in their immediate visinity. It was found that the lightning had struck the two-s ory dwelling at the corner of Hilaboro and West streets, recently occupied by Mr. W. H. Douds, and now by Mr. S. W. Brawer. The boit struck a cornice, theore glanced to a window, kneeking off the cop on the cu side and throwing it forey feet away. It also started the inside cap an inch or two tion the wall. To fact it shivered the entire window from . From the inside cap it leaped to a pair of sussors begaing on a nail, partly melting the handles, a d next took a fancy to a riving whip made of a small red of steal covered with cord. It burned the cord where it struck this, and also where is left, it, the points of entrance and exit being but a lew inches apar'. It struck no other object, but seemed to explade in the room. Mr. Feldt, of Warrenton, who is on a visit to Mr. Brewer, her son-in-law, was in the room, tying on a lounge, about four test from the window. She was much affected by the shock of the explosion and by the direct effect of the lightning. Ou her check is a scorched black. She was made entirely deaf for hours, and is only now begin-ing to recover her hearing. No one else in the house was hurr. Two gendemen who five on the square opposite the house of Mr. Brewer state that they saw at the instant the blinding flash came a ball of fire fall nearly to the ground, just between the house and a black-smith's shop to the castward. When it was but a few feet above the ground is expleded with a report astonishingly loud. The fire ball was apparently several inches to diameter, and flashed with an intense and blinding light .--
